

A4H - Small Rubber Wedge

MODEL 512004

Wheel Chock

ARC4H Light Rubber Wedge is an extruded wedge shaped wheel chock made of durable EPDM rubber.

ARC4H Light Rubber Wedge is designed for use with smaller tires, or carts. The aggressive tire contact area promotes adhesion. Can be paired with rope.

- Extruded EPDM Rubber
- 1.1 Lbs.
- 2H x 4W x 4L
