

HGSFY Heavy Gripper Feet

MODEL 121002

Wheel Chock

HGSF stay in place. Easily manage heavy vehicle weights, large tire sizes, & steep grades. Our rubber feet adds an extra coefficient of friction and reduces road compression. These chocks allow for fast, safe placement and retrieval.

- Molded Aluminum
- Powder Coated Yellow
- 7.75"H x 8.5"W x 12"L
- 5.2 Lbs.

Coefficient of friction: 24k at 47 degrees.

MATERIAL SAFETY DATA SHEET

LARGE TIRE

Inside loading docks, repair bays, fire trucks

PERFORMANCE

Effective single limit 16% (32% grade paired) [STATIC]

STANDARDS MET
