

HRG - HD Rubber Contour

MODEL 211008

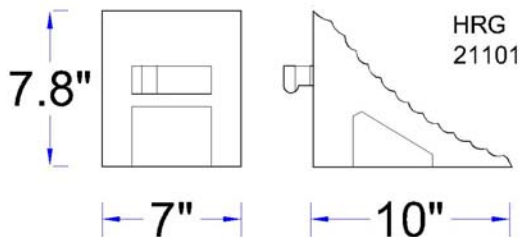

Handled Wheel Chock

HRG heavy duty rubber A rubber-only chock (no metal parts). Features are molded in: easy grab handle area, and elbow fixture for rope or chain attachment.

HRG heavy duty rubber uses a very sticky live rubber to ensure high coefficients of friction. No metal parts assure non-sparking or scratching of paint.

SPECIFICATIONS:

- All Rubber construction
- 8"H x 7"W x 10"L
- WEIGHT: 13 lbs.
