

MHG - Medium Heavy Gripper

Where it's placed is where it stays - Even on ice.

MHG - medium to heavy duty use. Designed to provide a super-high coefficient of friction to the road surface, & excellent road adhesion under high risk conditions.

MHG - easy to use. A built-in hand area and light weight design make it perfect for repetitive placement and retrieval. Molded handle will not cut hands or tires.

- Cast Aluminum
- 7 x 6 x 11.75
- WEIGHT: 4.5 lbs.

High test-to-failure limit and yellow paint.

MATERIAL SAFETY DATA SHEET

MED TO LG TIRES

Trucks, Trailers and Emergency Vehicles
